ARCHITECTS' ROSTER QUESTIONNAIRE

TO EVERY ARCHITECT IN THE UNITED STATES AND ITS POSSESSIONS:

The Architects' Roster is maintained by The American Institute of Architects as a service to the profession as a whole and to agencies of the United States Government. Every registered architect, whether or not a member of The Institute, is eligible for inclusion in the Roster. The Institute maintains custody of the Roster, keeps it up to date and in good order for use. The Roster is available to any representative of the Government and to representatives of foreign governments in Washington. Reference may be made to The Architects' Roster in negotiations with government agencies and other interested parties. Experience with the Roster since its establishment in 1946 has shown its usefulness. Growing out of an earlier Register of architects qualified for public works, The Roster provides at The Octagon an accurate, current record of the qualifications and achievements of members of the profession. It allows a positive and helpful response to requests for factual information on architects, and in that way constitutes a service to the profession.

The American Institute of Architects assumes no responsibility for the accuracy of statements made in this Questionnaire. The obligation to maintain this record as a current description of an architectural firm rests with the firm, and supplementary record forms are available for this purpose.

PARTNERSHIPS SHOULD MAKE A JOINT RETURN ONLY.

Original and one copy to be mailed to THE ARCHITECTS' ROSTER, The American Institute of Architects, 1735 New York Avenue, N. W., Washington 6, D. C. One copy to be retained by the author.

1 a FIRM (Indicate whether individual, partnership or corporation.)

Carl R. Blanchard, Jr.

b FORMER FIRM, Name if any.....

SERVICES AVAILABLE

Architectural

Statement of Need

Schematic Drawings

Cost Analyses - Models, Renderings

Preliminary Drawings & Estimates

Working Drawings, Specifications, Details, Bid Documents

Supervision - Job Progress, Performance, Accounts

Engineering

Structural

Services are easily provided by the firm of Henry A. Pfisterer at this address. We occupy offices in the same building and carry on independent practices.

Mechanical

Our mechanical engineering is usually done by one of three firms. We have worked with them all successfully and select the one which can give us the best service.

Site

This office shares the responsibility of site planning with Charles A. Currier & Associates, Hartford, Conn.

WE PAY PARTICULAR ATTENTION TO:

1. Analyzing your needs with you
2. Maintaining close and effective relations with the client throughout the job
3. Careful supervision
