INTRODUCTORY NOTE

PACE ASSOCIATES, a group of Architects and Engineers, was formed to practice Architecture on the premise that a select group of competent professional men can produce distinctive work more expeditiously and maintain a closer personal contact with the client than is possible with the usual type of organization pattern.

It is the policy of PACE ASSOCIATES to accept only as much work as can be completed in a thorough manner within the time limits agreed upon.

Each of the Associates has worked for other Architects. They have held responsible positions and were delegated considerable authority on the jobs for which they were responsible. With such valuable experience as a background, PACE ASSOCIATES feels that its members are qualified to handle competently any problem confronting them.

Binford, W. H.

BIRTH:

August 14, 1904.

EDUCATION:

Kansas State College - Bachelor of Architecture-1927.

EXPERIENCE:

1927-41 Holabird & Root, Chicago. Project Manager on Commercial, Educational and Public Buildings.

REPRESENTATIVE WORK:

The following list of work was not all done by PACE ASSOCIATES, but chiefly by Architectural firms who employed, among others, the men who are now Members of PACE ASSOCIATES. These men, while acting in the capacities of Project Managers, Chief Draftsmen, Chief Architects, Resident Engineers, General Superintendents, etc., were delegated considerable authority and were directly responsible for important phases of the work listed.

The work which PACE ASSOCIATES has executed, or has under contract, is distinguished by asterisks (*).

ARCHITECTS' ROSTER

QUESTIONNAIRE

TO EVERY ARCHITECT IN THE UNITED STATES AND ITS POSSESSIONS:

The Architects' Roster is maintained by The American Institute of Architects as a service to the profession as a whole and to agencies of the United States Government. Every registered architect, whether or not a member of The Institute, is eligible for inclusion in the Roster. The Institute maintains custody of the Roster, keeps it up to date and in good order for use. The Roster is available to any representative of the Government and to representatives of foreign governments in Washington. Reference may be made to The Architects' Roster in negotiations with government agencies and other interested parties. Experience with the Roster since its establishment in 1946 has shown its usefulness. Growing out of an earlier Register of architects qualified for public works, The Roster provides at The Octagon an accurate, current record of the qualifications and achievements of members of the profession. It allows a positive and helpful response to requests for factual information on architects, and in that way constitutes a service to the profession.

The American Institute of Architects assumes no responsibility for the accuracy of statements made in this Questionnaire. The obligation to maintain this record as a current description of an architectural firm rests with the firm, and supplementary record forms are available for this purpose.

PARTNERSHIPS SHOULD MAKE A JOINT RETURN ONLY.

Original and one copy to be mailed to THE ARCHITECTS' ROSTER, The American Institute of Architects, 1735 New York Avenue, N. W., Washington 6, D. C. One copy to be retained by the author.

5 REMARKS CONCERNING QUALIFICATIONS OF FIRM

(This space is best used to present qualifying information such as number of employees, amount of office space, financial information and other information presumed of interest to a prospective client. Append extra sheet or use back of this form, if necessary.)

PACE Associates occupies 12,100 square feet of space on the 17th and 18th floors of the Monadnock Building, 53 West Jackson Blvd. Chicago, Illinois, with facilities for expansion if necessary. Vaults for storage of important drawings are included. Total personnel, including principals, numbers 104, of whom 15 are in the field and 17 in clerical or accounting positions. Aside from the principals, there are 12 Registered Architects on the staff. Bank accounts are maintained at the Northern Trust Company and the Lake Shore National Bank, both of Chicago, with ample lines of credit established. Field offices outside Chicago have been and can be set up as the occasion requires.

6 CONSULTANTS USUALLY EMPLOYED: (If a member of your staff, so state.)

MIES VAN DER ROHE

ARCHITECT A.I.A. . 230 EAST OHIO ST. . CHICAGO II, ILLINOIS . PHONE WHITEHALL 3-0686

May 28, 1953

American Institute of Architects 1735 New York Avenue, N. W. Washington 6, D. C.

Gentlemen:

The firm of PACE Associates is at present associated with us in the architectural work for a student and faculty apartment building for the Illinois Institute of Technology, located at 48 East 32nd Street, Chicago, Illinois.

Previously PACE Associates have been associated with us in the architectural work for the following projects:

Promontory Apartments

5530-5532 South Shore Drive

Chicago

860-880 Lake Shore Drive Apartments

Chicago

Algonquin Apartments

50th Street and Hyde Park Blvd.

Chicago

Very truly yours,

Mies van der Rohe

NINTH NAVAL DISTRICT DEC 22 AM 9:46 GREAT LAKES, ILLINOIS

WASHINGTON, D. C.

RECEIVED

19 December 1947

DEC 22 1947

American Institute of Architects 1741 New York Avenue N. W. Washington 6, D. C. EDMUND R. PURVES

Gentlemen:

Re: Data for Roster of Architects, Pace Associates, Chicago.

It is understood that the American Institute of Architects is preparing a "Roster of Architects" to be kept on file in Washington, D. C. which may be consulted by government agencies or individuals and which will outline each firm's experience and qualifications. It is understood that where work is done by an architect in association with others that a letter from the other party is desired in confirmation of the association.

The firm of Pace Associates, 533 West Jackson Blvd., Chicago 4, Ill. advises that it has been asked to submit its experience record and qualifications for this roster and that it wishes to include its work for the Ninth Naval District under the heading of associate architect under the Public Works Division of the Ninth Naval District rather than as prime architect.

This is to advise that Pace Associates have assisted this office in the performance of architectural and engineering work in connection with the construction of a large number of Naval Reserve Armories in the Ninth Naval District. The nature of this work has varied from assistance in the preparation of specifications to the preparation of complete plans and specifications and the inspection of the construction work in the field. While the majority of the work involved the adaptation of standardized plans to varying site conditions, it also involved the design of special structures for which no standard designs were provided. The flexibility of the relationship between this office and Pace Associates and the competent wholehearted cooperation of this organization contributed materially to the rapid and economical prosecution of the work.

Very truly yours,

J.)C. GEBHARD Captain, (CEC) USN

Public Works Officer, Ninth Naval District

Gentlemen:

This is to advise you that Pace Associates have been associated with this office in connection with architectural and engineering work for the State of Illinois on the following projects:

Female Veterans Unit, Kankakee State Hospital Kankakee, Illinois

Oil Laboratory, Chicago, Illinois

Employees Building, Elgin State Hospital Elgin, Illinois

They were also associated with Nelson & Nettnin on architectural work in connection with work for Power House at Pontiac Penitentiary, Pontiac, Illinois, and Beach House at Illinois State Park, Zion, Illinois, although their name did not appear as Associate Architects on these last named projects.

Very sincerely yours,

Supervising Architect
