

Rules of the Board

May 2022

CHAPTER 1

ORGANIZATION

1.0 THE BOARD'S ROLE

The role of the Board of Directors ("Board") is to ensure excellence in AIA and to serve as a link to AIA members. The Board is accountable for acting in accordance with AIA's mission and vision to provide these contributions:

Representation of the membership in AIA governance, and communication with members, so that:

Members are aware of intended impacts of AIA through, for example, an annual report to members; and

The Board is conversant with members' values and perspectives through, for example, direct and frequent communication with members in the various states.

Fulfillment of its planning and implementation role to:

Adopt an annual operating budget (including annual membership dues and assessments), endorse management's annual operating plan for which the adopted operating budget is intended to be expended, and be accountable for the financial well-being of AIA.

Periodically review and adopt a strategic framework that integrates a long-range plan with AIA's strategic plan. The strategic framework is developed through a process that includes member input and recommendations, addresses trends in the marketplace, and evaluates ideas and suggestions from staff and other sources.

Review and adopt AIA Public Policies in accordance with a schedule consistent with the provisions of Chapter 15, and recommend policy needs to AIA staff.

Consult and cooperate with the Strategic Council on strategic planning, review of the operating plan and budget, and development of public policy positions on behalf of AIA in a manner consistent with Section 6.53 of the Bylaws.

The Board will approach its tasks with an emphasis on outward vision, encouragement of diverse viewpoints, strategic leadership, clear understanding of Board and staff roles, future rather than past or present, and anticipation rather than reaction. In this spirit, the Board will:

Focus on intended long term impacts of AIA's strategic and operating plans, not on the administrative or programmatic means of attaining those effects.

Direct the operating organization and provide leadership to inspire the entire organization through the careful establishment of the broadest organizational values, perspectives, and policies.

Enforce upon itself and its members whatever remedial measures are needed to govern with excellence. Such measures will apply to matters such as attendance, policy-making principles, respect of the roles of staff and the Board, speaking with one voice and self-policing of any tendency to stray from governance adopted in Board policies.

Be accountable to the membership for competent, conscientious, and effective accomplishment of the Board's obligations as a body. It will allow no officer, individual or committee of the Board to usurp this role or hinder this commitment.

Monitor and regularly discuss the Board's own process and performance and ensure the continuity of its governance capability by training and redevelopment.

Be an initiator of policy and responsible for Board performance.

1.1 AFFILIATIONS WITH OTHER ORGANIZATIONS

The Board may approve or terminate affiliations with organizations not related to AIA by a vote of not less than two-thirds (2/3) of its entire membership, at any time, and subject to the terms of any written agreement or charter.

Agreements of affiliation shall be duly executed by the President or President's designee and the affiliated organization. Every agreement of affiliation shall set forth in full the purposes and objects of the affiliation, its terms and conditions, the period thereof, and in the case of any joint organization created by the affiliation, its purposes and objects, and the nature of its membership, operations, and administration.

The original term of an agreement of affiliation shall not exceed five calendar years but may be renewed thereafter.

An affiliated or joint organization, but never the individual members thereof, may use and print the phrase "affiliated with The American Institute of Architects" as a suffix to the name of the organization but only as set forth in the agreement of affiliation.

1.2 AIA MEMBERS PARTICIPATING IN CIVIC AFFAIRS OR WITH OTHER ORGANIZATIONS

AIA encourages and commends members serving as citizens and professionals in civic and charitable activities and working in matters of policy and planning related to their communities and for the AIA on a national, state, local or international level. An AIA member who participates in another organization shall serve in the other organization as an individual and not as a representative of the AIA in any capacity unless appointed as an AIA representative by the President or by the EVP/CEO (as defined in Chapter 12).

CHAPTER 2

MEMBERSHIP

2.0 APPLICATIONS

Application Fee. The Board shall have the discretion to set application fees in accordance with applicable provisions of the Bylaws.

Action on Applications. The AIA or any component that receives an application shall require the applicant to provide proof of eligibility for membership. Every application shall be acted upon as soon as it is submitted by the applicant. Any officer or employee of a component may accept an application and no action by the component board of directors is required. Only the Secretary may deny an application.

Admission. If an applicant for membership is eligible and has submitted the proper admission fee (if applicable) and dues to AIA, the applicant shall be admitted to membership and shall receive an AIA certificate of membership.

Denial of Admission. If an applicant is not eligible for membership, as determined by the Secretary after review of the facts, AIA shall so notify the applicant and shall return the amount tendered for annual dues but may retain the application fee (if an application fee was charged) to defray the cost of examining the applicant's qualifications.

Denial of Membership or Termination for Ineligibility. A component may at any time submit a written recommendation to the Secretary that an application for membership should be denied or a membership terminated.

Appeal of Application Denial. An applicant who has been denied AIA membership may appeal this decision to the Board by giving written notice of appeal within 15 days of receiving notification of rejection.

Membership Certificates. The membership certificate shall bear the name of the person to whom it is issued, the category of membership (as defined in the Bylaws) for which it is issued, the AIA seal and any other matters prescribed by the Board. Membership certificates for all members shall be signed by the President and the Secretary.

Notice of Impending Termination. AIA shall give members thirty (30) days' written notice of impending termination because of default.

2.1 REINSTATEMENT AND READMISSION.

Reinstatement. Any membership terminated for default may be reinstated in the same dues year without penalty or reapplication for membership by payment of the full amount of all dues due at any time prior to commencement of the renewal cycle for the next dues year. Lapsed members who do not renew in the year in which membership terminated may reinstate in the same manner as new members apply for membership.

Waiver of Indebtedness. Subject to the provisions of Section 3.12 of the Bylaws, all or any part of any indebtedness to AIA incurred prior to the date of application for readmission may be waived by the Secretary for good and sufficient cause.

2.2 MEMBER ACCESS TO RECORDS

Access to AIA records shall be made available to members in good standing for a valid purpose in accordance with applicable law.

2.3 ARCHITECTS AND INTERNATIONAL ASSOCIATES

Continuing Education Requirement. The annual continuing education requirement for Architect and International Associate members is eighteen (18) learning units, which must include at least twelve (12) learning units of health, safety, and welfare education. The AIA shall determine what activities or programs qualify for learning units and how many learning units are awarded for successful completion.

Default of Continuing Education Requirement. An Architect or International Associate member is in default if the member does not have on record at least the number of valid learning units specified in this Section as of the last day of the membership year. Every member in default of continuing education (CE) requirements is allowed a grace period of nine months (until September 30 of the following year) in which to complete and record learning units to meet the requirement for the preceding membership year. Such learning units are in addition to the learning units required for the current membership year.

Lapse of Membership for Default of Continuing Education Requirement; Reinstatement. If an Architect or International Associate member is in default under this Section and fails to complete and record the required learning units within the nine-month grace period specified there, that individual's membership shall lapse at the conclusion of the grace period. A notice of lapse of membership shall be given no later than November 1st of the grace year to all Architect and International Associate members who are still in default of the CE requirement. All learning units in the member's record become invalid for AIA membership renewal and other purposes relating to AIA membership as of the date of the notice of membership lapse.

Subject to the limitations stated in this section, an Architect or International Associate member whose membership has lapsed under this section may reinstate membership at any time; provided, however, that the member must complete and record the learning units required under this Section for the year of reinstatement.

The reinstatement process described in this section may be used only once during any three-year period.

Waiver of Continuing Education Requirement. An Architect or International Associate member may petition for waiver of all or part of the CE requirement for any one year only on the following grounds:

Medical disability or other serious health conditions affecting the member for a period of more than six months.

For any of the following reasons: (i) the birth of a child and to care for the newborn within one year of birth; (ii) the placement with the member of a child for adoption or foster care and to care for the newly placed child within one year of placement; or (iii) to care for the member's spouse, child, or parent who has a serious health condition;

For any of the following reasons: (i) absence due to military leave and obligation; (ii) any qualifying exigency arising out of the fact that the member's spouse, son, daughter, or parent is a "covered servicemember" on "covered active duty" (as those terms are used with reference to the Family and Medical Leave Act); or (iii) for military caregiver leave, i.e., to care for a covered servicemember with a serious injury or illness if the Architect or International Associate member is the servicemember's spouse, son, daughter, parent, or next of kin;

Severe financial hardship; or

For such other good cause as may be demonstrated to the satisfaction of the Secretary.

An Architect or International Associate member may submit a waiver petition in either of the following ways: (i) by submitting the petition for review by the member's assigned chapter or state organization, which shall forward the petition with the component's comments to the Secretary; or (ii) by submitting the petition directly to the AIA for review. The burden of demonstrating the grounds for a requested waiver shall be on the member requesting it, and the Secretary may require such documentation as necessary to establish such grounds. The decision of the Secretary to grant or deny a waiver is final.

Continuing Education Requirement For Certain Architect Members Emeritus. Notwithstanding any other provisions hereof, the following shall apply as to any Architect Member Emeritus who either is retired from the profession of architecture, or is so incapacitated as to be unable to work in the profession:

The annual continuing education requirement for each Architect Member Emeritus specified in this Section is one (1) learning unit, which need not reflect health, safety, and welfare education. The AIA shall determine what activities or programs qualify for learning units and how many learning units are awarded for successful completion.

Architect Members Emeritus specified in this Section may seek a waiver of continuing education requirements.

To the degree this Section may conflict with other provisions of the Rules of the Board, this Section shall govern.

Rights and Privileges

AIA Symbol. The AIA symbol may be used by Architect members and their firms on their letterhead, business cards, signs, brochures, and other business materials related to their practice, provided that the majority of financial ownership in a professional architectural firm is held by registered architects and all the registered architect principals are AIA members. No other use of the symbol may be made without specific approval by the President.

Use of Membership Title by Firm. When the majority of financial ownership in a professional architectural firm is held by registered architects and all the registered architect principals are AIA members, such firm may use the phrase, "Members of The American Institute of Architects" in its public listings.

2.4 ASSOCIATES

Advancement to Architect Status. No admission or readmission fee may be charged for an Associate member advancing to Architect membership in the calendar year in which the member's initial license to practice is issued, and a credit will be given for all Associate dues paid in the year of advancement. Associates advancing to Architect status who fail to make application by January 15 of the year following the year in which they receive their initial license to practice shall be treated as new applicants subject to all application fees and procedures.

2.5 FELLOWSHIP

Qualifications for Fellowship. Architect members who are in good standing in the AIA and in their assigned components, and who have been in good standing for not less than ten years, may be advanced to Fellowship if they have shown distinction in fulfilling the Fellowship objects by: 1) promoting the aesthetic, scientific, and practical efficiency of the profession; 2) advancing the science and art of planning and building by advancing the standards of architectural practice; 3) coordinating the building industry and the profession of architecture; 4) ensuring the advancement of the living standards of people through their improved environment; 5) making the profession of ever-increasing service to society; or 6) advancing the science and art of planning and building by advancing the standards of architectural education, and training.

Architect members may be nominated for advancement to Fellowship by the governing board of any component organization or by a minimum of five (5) Fellows or by a minimum of ten (10) Architect members residing anywhere. Each nomination shall be signed and addressed to the Jury of Fellows, setting forth in writing the qualifications of the nominee.

Sponsors and References. No current Officer, Officer-elect, member of the Board, member of the Strategic Council, members of the College of Fellows Executive Committee, member of the Jury of Fellows, member of the Jury of Honorary Fellows, or AIA or component staff person may sponsor or be a reference for a nominee for Fellowship. The Secretary, Secretary-elect, members of the Jury of Fellows, and Jury of Honorary Fellows members also may not be sponsors/references for three (3) years after completion of their terms of service.

Privileged Responses. A confidential list of nominees shall be sent to each Officer, Officer-elect, member of the Board, member of the Strategic Council, and member of the College of Fellows Executive Committee inviting privileged responses regarding the nominations. The Jury of Fellows shall not accept any letters or communications other than those on the candidate's reference list and privileged responses from Officers, Officers-elect, Directors, members of the Strategic Council, and College of Fellows officers. The Secretary and Secretary-elect shall be excluded from writing privileged responses.

The EVP/CEO shall then communicate the jury's action to all nominees and their assigned components, and to the Board and the Strategic Council.

Fellowship issued to them. The names of all new Fellows shall be published to the membership.

Term. A Fellow whose membership is in good standing shall be a Fellow of the AIA and listed as such in AIA and component membership lists. Fellowship status lapses when membership in the AIA lapses but is regained when Architect membership is restored.

College of Fellows Medal and Pin. Members who are Fellows may wear the Fellowship medal and pin in accordance with the guidelines set forth by the College of Fellows.

Advancement to Fellowship Denied. Nominees who fail to be advanced to Fellowship remain qualified for advancement without prejudice. When a nominee has failed to advance for three (3) consecutive meetings of the Jury of Fellows, a one (1) year period must elapse before the candidate may be re-nominated.

Disposition of Nomination Records. When a nominee has failed to be advanced to Fellowship for three (3) consecutive meetings of the Jury of Fellows, the nominee's reference letters shall be destroyed. The nominee will receive a notice of the required one (1) year waiting period before renomination.

2.6 HONORARY FELLOWSHIP

An architect who is not a resident of the United States and who does not primarily practice architecture with the United States or its territories, and who is recognized for their exceptional work and contributions to architecture and society on an international level, may be admitted to Honorary Fellowship.

Delegation of Authority. The Board delegates exclusive authority to elect Honorary Fellows to the Jury of Honorary Fellows, which shall consist of the seven (7) members of the Jury of Fellows plus two (2) additional jurors recommended by members practicing internationally or their representative groups or committees. 2.7 HONORARY MEMBERS

Nominations to Honorary Membership. The AIA shall establish rules regarding submission of nominations, deadlines, presentation, and other administrative matters related to the Honorary Membership program.

Qualifications for Honorary Membership. A person of esteemed character who is otherwise ineligible for AIA membership but who has rendered distinguished service to the profession of architecture, or the arts and sciences allied therewith, may be admitted to Honorary Membership.

Joint Nomination. A joint nomination of two (2) individuals working together may be submitted for Honorary Membership in a single application for concurrent awards if their collaborative efforts over time are recognized as having created a singular body of service and achievement.

Eligibility of Component Executives and Staff. AIA and component staff members may be nominated for Honorary Membership during their employment. Eligibility for nomination shall be effective after ten (10) years of employment at the AIA or one or more components. Such employment need not be continuous. The Secretary may waive all or part of the period of employment if an individual may otherwise be eligible.

Composition of the Jury of Honorary Members. The Jury of Honorary Members shall be composed of three (3) individuals, at least two (2) of whom shall be AIA members and one (1) of whom shall be an Architect member who has been licensed to practice architecture for ten (10) years or less, nominated annually by the Secretary for approval by the Board. Use of Phrase. The phrase may be used on brochures, announcements, invitations, or signage for seminars, programs, meetings, and conventions; in corporate or association listings of professional affiliations including annual reports; and general corporate or association materials, as long as such use does not indicate endorsement, sponsorship, or approval of any construction material, product, or service.

Restriction on Use of Phrase. The phrase may not be printed on letterhead, business cards, advertisements, or product literature, or in any situation in which the use of the phrase may be construed as AIA endorsement, sponsorship, or approval.

CHAPTER 3

DUES, FEES, AND ASSESSMENTS

3.0 REGULAR DUES

Incentives for New Members. AIA management shall determine and publish incentives for members to join or advance to Architect membership throughout the year. The Board may annually review incentive programs at the Board meeting immediately preceding the AIA annual meeting but may not alter any incentive program that has been in effect for less than two (2) years except by two-thirds (2/3) majority vote. Alteration of an incentive program includes any direct change to an existing program or adoption of a new program that necessarily conflicts with or overlaps an existing program.

Annual Dues Adjustment. Regular dues for all classes of membership and supplemental dues shall annually be subject to adjustment in an amount equivalent to the percentage change in the Core CPI (Consumer Price Index) for the previous calendar year. The proposed adjustment shall be placed on the agenda of the Board meeting immediately preceding the AIA annual meeting and shall become effective unless rescinded by a majority vote of the Board.

3.1 SECRETARY'S AUTHORITY

Waiver and Deferral of Dues Payments. The Secretary may waive or defer payment of the AIA membership dues for up to one (1) year due to financial hardship, medical disability, sabbatical, family leave, unemployment or partial employment, or such other hardship as may reasonably justify waiver or deferral. Members requesting such waivers will be required to submit such requests in writing. A waiver for any of the reasons stated above is annual and renewable upon written request for up to a total of three (3) consecutive years; no waivers will be granted beyond that three-year period except in those instances in which compelling and extraordinary reasons are demonstrated for doing so.

Coordination of Dues Policies. In consultation with components, the Secretary will encourage the adoption of coordinated national and component policies and procedures for dues collection and renewal, and for relief for members experiencing economic, family, or medical hardship.

Notification of Dues Relief Options. Members shall receive appropriate notice of dues relief policies and procedures during the renewal process.

Waiver of Defaulted Component Dues. The Secretary may waive component dues and obligations that are more than two (2) years in default if the component failed to promptly recommend termination for non-payment of dues. This waiver shall apply only in cases relating to termination of AIA membership, reinstatement, readmission, or chapter transfer, and shall not be construed to otherwise limit the component's independent legal rights.

3.2 DUES INSTALLMENT PROGRAM

The Board, in consultation with AIA management and components, may establish a dues installment program that provides an opportunity for members to pay their regular annual dues in one or more installments. Such a dues installment plan may include requirements related to eligibility, enrollment, payment schedule, cancellation, refunds, and other appropriate terms and conditions. In determining plan requirements, including any service and interest charges that may apply, the estimated cost as well as the potential benefits for members, the AIA, and components shall be taken into consideration.

CHAPTER 4

COMPONENTS

4.1 FORMATION AND ADJUSTMENTS TO COMPONENTS

Formation of Domestic Components. The Board delegates to the Secretary authority to approve petitions for new domestic components and to adjust the boundaries of existing domestic components.

Minimum Number of Members. Members seeking to form a new chapter within the United States or its territories must submit a petition bearing the signatures of no fewer than one hundred (100) Architect, Associate, or International Associate members in good standing, stating that they: (a) reside or work in the territory of the proposed chapter; and (b) will consent to being assigned to the proposed chapter if it is formed. Of the total signers of the petition, no fewer than two-thirds (2/3) must be Architect members.

Other Requirements. The Secretary may request such other information and materials as the Secretary may reasonably find appropriate in deciding whether to approve a petition for a new domestic component.

Formation of International Components. Petitions for the formation of a new component, whose territory is outside the United States, or to adjust the boundaries of existing international components, must be submitted to the Secretary for approval. Subject to ratification by the Board, the Secretary may approve petitions that meet the following conditions:

Bylaws. The bylaws of the proposed component must have been approved by the Secretary as consistent with the AIA Bylaws.

Planning Documents. The component must submit a proposed budget for the first year of operation and short range (one to two years) and long range (three to five years) plans as to how the component will meet the Core Member Services for the AIA. The planning documents for the component must provide for a fixed address and designated person to administer the component's affairs and communicate with the AIA on behalf of the component.

Coordination. The component must agree to advance coordination and approval by the AIA of programs, policies, and activities of the component that may be perceived as attempting to influence the laws, customs, or politics of the host government or organizations of local architects.

Number of Members Required. The component must have the number of members required by the Board for formation of an international component; that is at least 50 members in good standing, at least two-thirds (2/3) of which must be Architect members.

Provisional Approval. The Secretary may approve an initial charter as a provisional charter that must be reaffirmed by the Secretary after three years of component operations. The monitoring process prior to reaffirmation will be as directed by the Secretary.

Theme and Seminar Speakers. Theme and seminar speakers shall be entitled to a reduced Conference registration fee.

5.1 ANNUAL MEETING-RELATED COMMITTEES

Credentials Committee

Nomination of Members. The Secretary annually recommends for approval by the Board three (3) Architect members for the Credentials Committee, at least one (1) of whom shall be an Architect member who has been licensed to practice architecture for ten (10) years or less,.

Eligibility. No member may be appointed to the Credentials Committee from the same state as a candidate for national office or At-large Director.

Term. The term of appointment is from the date of appointment through certification of election results.

Responsibilities. The Credentials Committee shall oversee accreditation of delegates as provided in Section 5.4, shall supervise balloting for the election of officers and At-large Directors at the annual meeting, and shall certify to the President-elect the candidates elected to office.

Resolutions Committee

Selection. The President shall annually appoint the members of the Resolutions Committee, who shall be the First Vice President, the Secretary, the CACE Director, an At-large Director, a representative from the Strategic Council, and others at the discretion of the President. The chair shall be the Secretary.

Resolutions Schedule and Instructions. No later than January of each year, the Secretary shall ensure that an appropriate timetable, instructions, and forms for resolutions are distributed to components in order to assure the proper and orderly submission of resolutions.

Resolution Sponsorship. The Resolutions Committee is authorized to receive and present to the delegates for their vote only those resolutions, received within the time limits established by the Committee, sponsored by one of the following:

- A state organization;
- A local component, provided it is supported by the state organization of which the component is a member:
- The Board;
- The Strategic Council;
- The American Institute of Architecture Students, or
- A minimum of fifty (50) AIA members, specifying the lead sponsor from among their number. The support of the 50 members shall be evidenced by their signatures or as the Secretary may find satisfactory.

Editing and Consolidation. The Resolutions Committee shall work with the sponsors of resolutions received in accordance with the published schedule to combine similar resolutions, developing substitute resolutions acceptable to each such sponsor. The Committee may also edit resolutions for grammar and clarity and conformity to form.

Secretary's Discretion. The Secretary shall have the discretion to seek comments on resolutions from groups and individuals who may have a particular interest in the resolutions; to consult groups or individuals whose specialized knowledge, information, or opinions may assist the delegates at the annual meeting in their consideration of the resolutions. These consultations may include opinions from legal counsel about whether actions sought by a resolution would comply with applicable law and the Bylaws, analyses from financial personnel concerning the fiscal consequences of such actions, or staff reports on their potential effects on membership and components.

Board Discretion. If the Resolutions Committee determines that a resolution is frivolous, proposes action that would be illegal or otherwise improper, or is otherwise inappropriate for consideration by the delegates at the annual meeting, it shall report its findings to the Board. The Board shall then have the discretion, by the vote of two-thirds (2/3) of the voting membership of the Board, to direct that the resolution not be presented to the delegates at the annual meeting. Such action by the Board shall not preclude the sponsor(s) of the resolution from seeking its consideration by the delegates as a new resolution at the annual business meeting.

The Board shall vote on whether to support, not to support, or to take no position as to each resolution, and shall have the discretion to issue a statement reflecting the rationale for its vote.

Publication of Resolutions. At least 40 days prior to the opening of the annual meeting, the Secretary shall ensure that all resolutions approved by the Resolutions Committee for consideration at the annual meeting are transmitted to all AIA components. In the same communication, AIA shall report to the membership and to the components the action taken on, and the current status of, each resolution approved at the preceding annual meeting. In the same or in subsequent communications, the Secretary may report on comments received and on the Board's position. The Secretary may also provide any other material that the Secretary finds may assist the delegates at the annual meeting in their consideration of the resolutions.

Annual Meeting Action on Resolutions. Resolutions shall be presented for a vote by the delegates at the annual meeting. Resolutions approved at the annual meeting shall not have binding effect unless subsequently ratified by the Board.

Board Action on Adopted Resolutions. Resolutions adopted at the annual meeting will be referred to the first meeting of the Board thereafter for consideration of ratification and implementation. The Board may vote either to ratify or not to ratify the resolutions or may defer action until a later time.

Notice of Resolution Ratification. Immediately after the first meeting of the Board following the annual meeting, the Secretary shall report to each sponsor of a resolution the action taken on that resolution and, as appropriate, the assignment of responsibility for implementation of that resolution.

Credentials Report. The Credentials Committee shall present a report in writing to the meeting, setting forth the number of delegates accredited.

Unanimity. If the Credentials Committee is not unanimous in its accreditation of any delegate, it shall so report to the meeting.

Resolutions. The Secretary shall move the adoption of the resolutions submitted to the Resolutions Committee for discussion, amendment, and final action.

Board Position on Resolutions. The Secretary shall present to the delegates the Boards' vote of support, non-support, or no position on each resolution and, if directed by the Board, a brief statement reflecting the Board's rationale for its vote. The Secretary may also report briefly on such other knowledge, information, or opinions as may reasonably assist the delegates in their consideration of the resolutions.

Reports. The President, the First Vice President, the Treasurer, and the EVP/CEO may present oral reports.

Delegate Comments on Reports. The delegates may comment upon or question the reports, but resolutions regarding them must be handled at the end of the session as new business.

President's Discretion. Except as noted above, the President shall have the discretion to issue presidential citations to individuals and organizations meriting special recognition.

Diversity. The AIA champions a culture of equity, diversity, and inclusion within the profession of architecture to create a better environment for all. Achieving this vision has a direct impact on the relevance of our profession and the world's prosperity, health, and future. To the greatest degree possible, the composition of all honors and awards juries shall reflect the society that we serve, including diversity of race, ethnicity, gender, gender identity or expression, sexual orientation, physical abilities, and religious practices.

11.3 GOLD MEDAL AND ARCHITECTURE FIRM AWARD SELECTION PROCESS

Nominations. Any component, Knowledge Community, or AIA member may make nominations for the Gold Medal and Architecture Firm Award.

Each finalist who is not selected in any given year shall, subject to that individual's approval, be re-nominated and included in the initial selection pool in the succeeding year, and in that event shall be subject to the same procedures as other nominees in that succeeding year.

The AIA shall set the schedule and requirements for the submission of nominations to be considered by the Advisory Jury as described below.

Advisory Jury. There shall be an Advisory Jury to assist the Board and the Strategic Council in the selection of Gold Medal and Architecture Firm Award candidates.

Composition. The Advisory Jury shall be recommended by the Secretary and approved by the President and consist of the following persons: one member of the Board, one member of the Strategic Council, a Gold Medal recipient, a representative of an Architecture Firm Award recipient, three representatives from Knowledge Communities, and a member of the public. The jurors shall serve as follows:

The members of the Board and of the Strategic Council serving as jurors, shall serve two-year, staggered terms.

Of the members of the Board and of the Strategic Council serving as jurors at any given time, the individual with the longer tenure on the Advisory Jury shall serve as Chair of the Advisory Jury.

Each other juror shall serve two-year, staggered terms.

Duties. The Advisory Jury shall assist the Board and the Strategic Council in the selection process for the Gold Medal and Architecture Firm Award as indicated in these Rules and as otherwise directed by the Secretary.

Selection by Advisory Jury. The Advisory Jury shall select from among the properly submitted nominations three nominees for each award. The names of the nominees shall be promptly communicated to the Board and the Strategic Council. In the event the Advisory Jury receives fewer than three nominations for either award, it will automatically forward each nominee for that award to the Board and the Strategic Council for consideration.

Information to the Board and the Strategic Council. Written background on each nominee shall be sent with the meeting agenda to the Board and the Strategic Council.

Presentations to the Board and the Strategic Council. An individual AIA member-presenter for each nominee may make a presentation not longer than 12 minutes and including not more than 40 images. The AIA will set reasonable criteria for the format and content of any display at the meeting site. The presenter for a Gold Medal nominee must be an individual who is neither the nominee, nor a principal nor an employee of the nominee's firm, and the presenter for a Firm Award nominee must be an individual who is neither a principal nor an employee of the nominated firm.

Discussion by the Board and the Strategic Council. Following the presentations referenced in Section 11.3, the Gold Medal and Architecture Firm Award nominations shall be open for discussion by the Board and the Strategic Council. Except under extraordinary circumstances and for good cause shown, such discussion shall be conducted in executive session. The presiding officer shall ensure that such discussion is conducted in a manner fair to all nominees and, to the degree appropriate, shall limit participation in the discussion by Board and Strategic Council members who served as members of the Advisory Jury that forwarded the nominations to the Board and the Strategic Council, or who made presentations on behalf of nominations at the meeting.

Selection of Gold Medal and Architecture Firm Award Recipients. The Gold Medal and the Architecture Firm Award shall be awarded by affirmative vote, by secret ballot to determine the single finalist, and then ratified by an affirmative open vote of two-thirds (2/3) of the members of the Board and the Strategic Council present and voting at a joint meeting of the Board and the Strategic Council occurring after September 1 in that year.

Voting Procedure for Selection of Recipients. The following selection procedure shall apply as to the Gold Medal and the Architecture Firm Award:

For each award, Board and Strategic Council members cast a single vote by secret ballot for the nominee of their choice. If a nominee receives two-thirds (2/3) of the votes cast, that nominee is selected as the recipient.

If a nominee is not selected during the first ballot, the two top vote getters shall advance to the next round of balloting. (If the top two vote getters cannot be identified because of a tie vote during the first round of voting, each Board and Strategic Council member shall vote by secret ballot for two of the three nominees, and the top two (2) vote recipients determined in this manner shall advance to the next round of balloting.)

In the next round of voting, each Board and Strategic Council member shall vote by secret ballot for one of the top two vote getters in the initial balloting.

One more ballot is then cast for the nominee who received the most votes in which Board and Strategic Council members vote by open vote, yes or no to confer the award on the nominee. If that nominee does not receive a two-thirds (2/3) majority of the votes cast, the award is not conferred.

If no nominee receives a two-thirds (2/3) majority on the first ballot, there is a second ballot in which Board and Strategic Council members vote for one of the top two vote recipients. One more ballot is then cast for the nominee who received the most votes, and in this ballot Board and Strategic Council members vote by open vote, yes or no, whether to confer the award on the nominee. If that nominee does not receive a two-thirds (2/3) majority of the votes cast, the award is not conferred.

CHAPTER 12

BOARD-EXECUTIVE VICE PRESIDENT/CHIEF EXECUTIVE OFFICER RELATIONSHIP POLICIES

12.0 DELEGATION TO THE EXECUTIVE VICE PRESIDENT/CHIEF EXECUTIVE OFFICER

Implementation and development of policies below the level of those adopted by the Board is delegated to the Executive Vice President/Chief Executive Officer (EVP/CEO). The EVP/CEO will manage the AIA operations of the AIA in a manner designed to deliver the benefits and value to members stated in the AIA's strategic plan and annual operating plan.

The EVP/CEO has authority over and accountability of staff. Any authority delegated by the Board to the EVP/CEO, may be delegated to staff, but only by the EVP/CEO.

The AIA's strategic plan and operating plan direct the EVP/CEO to achieve certain results, subject to the Operating Policies set forth in Chapter 13. With respect to the strategic and operating plans, the EVP/CEO is authorized to establish all policies, make all decisions, take all actions, and develop all activities as long as they are consistent with the Board's policies.

No individual Board member, officer, or committee has authority over the EVP/CEO, except as expressly provided in the Bylaws or in the Rules of the Board, or as determined by the Board. Information may be requested by these individuals or groups, but if such request — in the judgment of the EVP/CEO — requires a material amount of staff time or funds or is disruptive, it may be refused. Individual or committee use of staff resources authorized by the Board for study of an issue may not be refused by the EVP/CEO.

12.1 EXECUTIVE VICE PRESIDENT/CHIEF EXECUTIVE OFFICER JOB DESCRIPTION

The EVP/CEO exercises all authority delegated by the Board and is accountable for the performance of the various parts of the operating organization. The EVP/CEO performance will be considered to be synonymous with performance of the operating organization as a whole. Consequently, the EVP/CEO's job contributions can be stated as performance in only two areas:

Organizational accomplishment and implementation of the AIA strategic plan and policies.

Organizational operation as informed by the Operating Policies in Chapter 13.

12.2 MONITORING EXECUTIVE PERFORMANCE

Monitoring EVP/CEO performance is synonymous with monitoring organizational performance against the AIA's strategic and operating plans and with respect to Operating Policies set forth in Chapter 13. Any evaluation of EVP/CEO performance, formal or informal, may be made only within this monitoring process.

The purpose of monitoring is to determine the degree to which the Operating Policies are being fulfilled.

A given policy may be monitored in one or more of three ways:

Internal report: Disclosure of compliance information satisfactory to the Board from the EVP/CEO.

External report: Independent reporting of compliance information by a disinterested, external auditor who is selected by and reports directly to the Board. Such reports must assess executive performance only against policies of the Board, not those of the external party unless the Board has previously indicated that party's opinion to be the standard.

Direct Board Review and Reporting : Review and reporting of information by a Board member, a committee or, the Board as a whole. This is a Board review and report of documents, activities or circumstances directed by the Board.

At the Board's choosing, any policy (as described more fully in Chapter 13) can be monitored by any method at any time. For regular monitoring, however, each policy stated in the Operating Policies is classified by the Board according to frequency and method, as outlined in Chapter 13.

There will be an evaluation of the EVP/CEO's performance annually.

The evaluation will take place during the first quarter of the calendar year and will apply to the EVP/CEO's performance during the immediately preceding calendar year.

The Compensation Committee will have primary responsibility for ensuring that the evaluation process each year is fair, thorough, and timely. The Compensation Committee will consist of the immediate past President, the President, and the First Vice President/President-elect, as well as the Secretary and Treasurer who held those offices during the calendar year covered by the evaluation. The immediate past President will chair the Compensation Committee.

Under the guidance of the Compensation Committee, the Board will consider a summation of all monitoring information and thus will evaluate the overall performance of the EVP/CEO.

The Board will provide candid feedback and recommendations. It may determine that good performance merits recognition and recommend to the Compensation Committee appropriate action regarding the EVP/CEO's compensation. The Board may determine that poor performance requires corrective measures, which shall be commensurate with the seriousness of the problems identified. The Board may give written notice to the EVP/CEO of particular performance deficiencies and state a time period within which they must be corrected.

These provisions are subject to the terms and conditions of the employment agreement between AIA and the EVP/CEO, which shall be in place and current at all times. The Board will have the authority to negotiate and execute an employment agreement with an incoming EVP/CEO but may delegate such of that authority as it deems appropriate to a search or transition committee, or to another body or individual. The Board will also have the authority to renegotiate and execute renewals of the agreement from time to time but may delegate such of that authority as it deems appropriate to another body or individual.

The EVP/CEO will receive compensation and benefits as approved by the Compensation Committee or otherwise determined in the EVP/CEO's employment contract. The compensation and benefits so approved will take effect retroactively on the first day of the year in which the evaluation takes place.

CHAPTER 13

OPERATING POLICIES

13.0 GENERAL EXECUTIVE GUIDING PRINCIPLES

The EVP/CEO shall ensure that all practices, activities, decisions, and organizational circumstances are prudent, legal, and in accordance with commonly accepted standards of business and professional ethics. Except as may be otherwise noted below, these operating policies shall be reviewed annually, and reported to the Board

13.1 STAFF TREATMENT

All staff shall be treated with respect, fairness, and in a dignified and professional manner, without regard to gender, race, national origin, sexual orientation, or religion race, religion, national origin, age, disability, caregiver status, gender, gender identity, or sexual orientation. Accordingly, the EVP/CEO shall:

Encourage collaboration and allow for varying points of view and freedom of expression, including the expression of opinions to Board members and officers;

13.2 FINANCIAL PLANNING

Fiscal responsibility shall be reflected in the planning and execution of AIA programs, staffing levels and events. The EVP/CEO shall propose budgeting that:

Contains adequate information to enable accurate projection of revenues and expenses, separation of capital and operational items, cash flow and subsequent audit trails, and disclosure of planning assumptions;

Plans for capitalized or prepaid expenses consistent with those arising on a recurring basis in the normal course of business;

Provides up to one-half (1/2) of one (1) percent of annual revenue as strategic funds for Board prerogatives during the year, subject to the following conditions:

Unrestricted investment income in any given year is targeted to achieve a yearly gain in an amount no less than two (2) percent greater than the rate of inflation for that year. Should that target be achieved by the end of the year, the Board strategic fund for the following year may be funded in a total amount not to exceed one-half (1/2) of one (1) percent of the annual revenues budgeted for that year. If the target indicated herein is not achieved in any given year, no funding shall be provided for the Board strategic fund in the following year.

With respect to the actual, ongoing financial condition of the organization, the EVP/CEO shall protect the fiscal reliability of the organization by:

Managing the AIA's financial affairs in a manner consistent with its annual budget and in accordance with priorities determined by the Board;

Ensuring that AIA complies with requirements imposed by applicable law and regulations governing tax and other financial matters;

Ensuring that investments are managed by competent, qualified professionals acting under investment policy approved by the Board;

Obligating the AIA to expend funds in years beyond the current fiscal year only when such an obligation is specifically approved by the Board;

Implementing a reserves policy that provides long-term financial stability for AIA. The AIA reserves are for offsetting the effects of business operating conditions and reversals, financing future investments for the profession and responding to unanticipated emergencies. Reserves may not be used without the express approval by a two-thirds (2/3) majority of the entire membership of the Board; and

Maintaining the following minimum financial reserves:

The Unrestricted Investments, as depicted on the AIA balance sheet, shall be at or above thirty-three (33) percent of total annual budgeted revenue.

Total Net Assets, as depicted on the AIA balance sheet, shall be at or above forty (40) percent of total annual budgeted revenue.

If reserves fall below either of the above two standards, the succeeding year's budget shall include a minimum contribution to the reserve as a percentage of the operating budgeted revenue in the minimum amount of two-and-one-half (2.5) percent of the operating budgeted revenue for each year thereafter until the minimum reserve levels have been restored.

Notwithstanding, the AIA shall not be deemed to be out of compliance with the provisions of the reserves policy for failure to have achieved either the unrestricted investments requirement and/or the total net assets requirement as long as annual budgets reflect this and are approved by the Board.

13.4 EMERGENCY EXECUTIVE SUCCESSION

In order to protect the Board from sudden loss of chief executive services, the EVP/CEO shall mentor, inform and encourage at least two (2) other members of the executive staff to be familiar with Board and EVP/CEO issues and processes.

13.5 ASSET PROTECTION

The EVP/CEO shall protect and maintain all AIA assets from unnecessary risk. Accordingly, the EVP/CEO shall:

Ensure against theft and casualty losses or against liability losses to Board members, staff, or the organization itself, by ensuring AIA assets are protected by appropriate measures and contingency plans; and ensuring risks which can be insured are insured at acceptable prudent levels;

Maintain appropriate records of AIA property and obtain appraisals where appropriate;

Maintain practices that protect AIA, the Board, and staff against claims of liability;

Obtain approval of the Board, prior to making any purchase or committing the organization to any expenditure greater than one (1) percent of the operating budget and ensure prudent administrative controls on vendor agreements;

Comply with generally accepted accounting principles (GAAP) and with the officially appointed auditor's recommendations for receiving, processing, and disbursing funds;

Acquire, encumber, or dispose of real property only after authorization by the Board to do so;

Ensure all contracts executed on behalf of AIA are legal and enforceable, and that all reflect the exercise of prudent judgment. Board approval shall be required for any contracts with Board members or AIA employees, with their family members, or with companies they control; and

Protect AIA's intellectual property and ensure that no transfer of AIA's intellectual property rights takes place except in the best interests of AIA.

13.6 COMPENSATION AND BENEFITS

With respect to employment, compensation, and benefits to employees, and independent contractors, the EVP/CEO shall receive compensation and benefits as approved by the Compensation Committee or otherwise determined in the EVP/CEO's employment contract.

13.7 COMMUNICATION AND COUNSEL TO THE BOARD

The EVP/CEO shall provide all pertinent information to the Board and shall keep the Board informed of all developments as appropriate. Accordingly, the EVP/CEO shall:

Inform the Board of relevant trends, anticipated adverse media coverage, and material external and internal changes, particularly changes in the assumptions upon which any Board policy has previously been established;

13.8 SOLICITATION OF EXPERT ADVICE

With respect to programs and policies that involve expert judgment, the EVP /CEO shall implement such programs or policies only after obtaining competent expert advice (including, but not limited to, legal, financial, and other expert advice) in the manner most appropriate under the circumstances.

13.9 PROGRAMS AND POLICIES

The EVP/CEO, under the authority delegated by the Board, shall align AIA programs and policies with AIA values and priorities. Accordingly:

In public statements, the EVP/CEO shall uphold the integrity and dignity of the architecture profession. All press releases relating to Public Policies, Position Statements, or other AIA policies and positions shall be subject to prompt advance review and approval by the President or the President's designee.

The EVP/CEO shall work in a collaborative fashion with the Council of Architectural Component Executives and components in matters having a significant effect on the components' operations or financial condition.

The EVP/CEO shall not knowingly allow any architect to be engaged as a speaker, receive an AIA award, or be the author or subject of a book published by AIA unless the person signs a declaration that neither the person individually nor any firm of which the person is an owner or manager employs unpaid intern architects, including working students (as defined in Section 11.0).

CHAPTER 15

PUBLIC POLICIES AND POSITION STATEMENTS

15.0 DEFINITIONS

Public Policies. Public Policies are AIA statements of belief to policymakers, the public, and the construction industry on issues of public policy affecting the membership, the profession of architecture, or AIA.

Position Statements. Position Statements elaborate on Public Policies or apply them to specific conditions or events. Position Statements are subordinate to Public Policies.

Commentaries. Commentaries are white papers or other analyses that amplify or advocate Public Policies or Position Statements.

15.1 FORMAT

Public Policies, Position Statements, and Commentaries should follow a consistent format to ensure clarity and accuracy in communication.

Public Policy Format. A Public Policy should be a short, plain-language statement of a principle to which AIA members are committed, stated so that it is capable of implementation by various means and focuses on the broad concept rather than specific strategies.

Position Statement Format. A Position Statement should be a concise narrative statement of AIA's view on a specific issue narrower than the principle in the Public Policy under which it is adopted.

Commentary Format. A Commentary is a narrative analysis or argument that presents reasons and facts that support adherence to a Public Policy or Position Statement.

15.2 PROCEDURE FOR ADOPTION

Public Policy Adoption and Rescission. Public Policies and amendments to Public Policies take effect only after approval by the Board by two-thirds (2/3) majority vote at two readings. A Public Policy may be rescinded at any meeting of the Board by a two-thirds (2/3) majority vote.

Position Statement Adoption and Rescission. The Board may adopt, amend, or rescind a Position Statement by majority vote at any meeting. Position Statements take effect immediately upon adoption. Notwithstanding, Position Statements requiring substantive revision will be subject to review and adoption requirements as outlined for Public Policies as stated above.

Commentary Adoption and Rescission. Commentaries that are consistent with approved Public Policies or Position Statements may be issued by management at any time.

Discussion Drafts. The Strategic Council, Knowledge Communities, member groups, committees, AIA components and other relevant AIA stakeholders, with support of management, may develop and recommend Public Policies and Position Statements on behalf of AIA for consideration and potential approval by the Board. Management will provide a process for submittal of proposals by stakeholders and prepare drafts of all new Public Policies or Position Statements or revisions to existing Public Policies or Position Statements, based on input from relevant subject matter experts. Management, at its discretion, will circulate a draft of proposed changes to the AIA Public Policies and Position Statements to all relevant stakeholders for comment. If necessary, based on the comments received, management will prepare revised drafts for consideration by the Board.

Final Approval. Public Policies adopted at second reading take effect immediately. Position Statements are adopted after majority approval at first reading and take effect immediately.

Position Statement Review. In consultation with the Strategic Council and management, the Board will maintain all Public Policies and Position Statements as needed on a continuous basis.

Policy Initiation and Coordination. At any time, the Board may request the Strategic Council and direct management to develop a new Public Policy or Position Statement or revisions to an existing policy or Position Statement. Requests from any other source for policy development or revision will be coordinated by management for appropriate Strategic Council review and Board action.

Interpretations of Policy. Interpretations concerning the scope, direction, or intent of an existing Public Policy or Position Statement shall be made by the EVP/CEO after conferring with the Secretary.

15.3 POLICY CONFORMANCE

Conformity with Approved Public Policies and Position Statements. All public statements, testimony, and lobbying efforts presented on behalf of the AIA with respect to matters of public concern and any matters before legislative or administrative bodies shall be in accordance with approved AIA Public Policies and Position Statements.

Component Conformity. Public Policies and Position Statements are binding on components. A component may not directly or indirectly nullify or contravene any Public Policy or Position Statement.

Secretary's Oversight. The Secretary shall oversee consideration of all alleged instances of component noncompliance or requests for exception from compliance with Public Policies or Position Statements. All allegations of component noncompliance shall be referred to the Secretary, who shall promptly notify the component of the allegation and invite a response.

Initial Decision. Based on the allegation, the response, and such other information as the Secretary may obtain, the Secretary shall determine whether the component is or is not in compliance with the Public Policy or Position Statement. The Secretary shall report the decision and proposed sanction, if any, to the parties. If not appealed within 30 days, the decision and sanction become final.

Appeal from Initial Decision. A party who is dissatisfied with the Secretary's decision or proposed sanction may request a formal hearing. The President shall appoint a hearing committee of three members who shall hear evidence and argument from the parties and conduct such further investigation as may be appropriate. The committee shall report its findings and recommended sanction, if any, to the Board.

Board Action on Appeal. On appeal from a decision of the Secretary, the Board may approve or reverse the decision by majority vote and approve or modify any recommended sanction. The Board's decision shall be final.

Sanctions for Noncompliance. Sanctions for policy nonconformance shall be as follows:

Reprimand. A letter of reprimand from the Secretary to the board of the component found in violation of a Public Policy or Position Statement, with copies to all other components affected by the decision. The letter shall be included in the minutes of the next meeting of the Board. Only the Secretary may issue a sanction of reprimand.

Censure. A letter of censure from the Secretary to the board of directors of the component found in violation of a Public Policy or Position Statement, with copies to all other components affected by the decision. A copy of the letter shall be published in an AIA publication. Censure is the minimum sanction the Board may issue in the event of an appeal from a decision of the Secretary.

Suspension of Charter. By two-thirds (2/3) majority vote, the Board may suspend a component charter for one year. Suspension may be made conditional on reorganization of the component; in which case the Board will issue a notice of intent to suspend the charter in 60 days if a reorganization does not occur. A notice of suspension shall be sent to all members assigned to the component and published in an AIA newsletter. A component under suspension is ineligible to send delegates to the AIA annual meeting but must continue to comply with all Public Policies and Position Statements. The rights and obligations of members assigned to the component are not otherwise affected by suspension of the charter.

Withdrawal of Charter. By two-thirds (2/3) majority vote, the Board may withdraw the charter of a component. Notice of withdrawal shall be sent to all members of the component and published in an AIA publication. Members shall be reassigned by the Secretary to a new component.

Policy Conformance Exception.

Exception Requests. Any component may apply in writing to the Secretary for an exception from the requirement to comply with a Public Policy or Position Statement. The Secretary may grant such a request only if the component demonstrates that conditions unique to the component prevent compliance, compliance would pose an unreasonable hardship to the component or its members, or compliance would create or facilitate a condition more disadvantageous to the interests of the profession than compliance.

Contents of Exception Request. A request for exception must state the Public Policy or Position Statement that applies, the efforts undertaken by the component to conform to the policy or position, the conditions that prevent or will prevent compliance or that make compliance counterproductive, and the efforts undertaken by the component to alter those conditions.

Secretary's Response. The Secretary shall respond within thirty (30) days in one of the following ways:

Grant the request, with or without conditions;

Reject the request;

Acknowledge receipt and state when a decision will be made;

Request additional information and provide a timetable for decision; or

Acknowledge receipt and initiate an investigation into the basis for the request.

Appeal from Secretary's Decision. Once the Secretary decides a request for exception, a component that is dissatisfied with the decision may appeal to the Board. The Board, by two-thirds (2/3) majority vote, may modify or reverse the Secretary's decision.
