

Changes to ArchiPrep

7/28/22

We are exploring new ways AIA can provide unique value in supporting our members on the path to licensure. ArchiPrep in its current form will end on January 31, 2023. Starting on July 28, 2022, we will provide monthly ArchiPrep subscriptions through the end of 2022. During that time, users can expect the same level of quality with content continuing to be updated.

Here's what you need to know about ArchiPrep:

- ArchiPrep subscriptions can be renewed in 1-month increments through Dec. 31, 2022.
- The last day to purchase a 1-month subscription will be Dec 31, 2022.
- The last day ArchiPrep will be accessible to users is Jan 31, 2023.

When do the changes take place?

- On July 28, 2022, the 3 and 6-month subscriptions will no longer be offered.

Why is ArchiPrep going away?

- Educating and preparing our members for success is an integral goal of our strategic plan. As an organization of more than 94,000 members, we are positioned to be a unique resource to those on the path to architectural licensure. As such, AIA wants to deliver the study materials developed for ArchiPrep in new ways in the future.

What do ArchiPrep users need to know?

- Current subscribers have undisrupted access to ArchiPrep for the duration of their plan until January 31, 2023.
- Your subscription is valid through the time it was purchased for.
- ArchiPrep can be purchased on a monthly usage basis until December 31, 2022.
- The price of a monthly subscription remains \$35 for AIA members.
- Users can expect the same level of quality with dynamic content continuing to be updated.

Why should I continue my subscription?

- Take advantage of ArchiPrep's dynamic features designed with your study plan in mind. Customize your study goals, track progress and performance, and join online discussions until January 31, 2023.

Where else can I find ARE resources?

- Contact your local and/or state AIA components today. Many provide access to ARE resources!
- Additional [ARE](#) and [AXP](#) resources can be found on aia.org.
